MB CASTING PVT. LTD.

HIGH PERFORMANCE CRUSHING SPARES

www.mbcasting.co.in

ABOUT US

MB Casting Pvt. Ltd. is part of the group which is serving the industry for the past decades, meeting the ever widening challenges of Stone Crushing, Mining, Quarrying, Aggregate and shredding Industries. MB Casting has in house facilities like patterns making, casting, finishing and machining to produce finished parts for the crushers.

STATE-OF-THE-ART INFRASTRUCTURE

- Spectro Meter
- Wet Lab & Sand Lab
- Poldi & Rockwell Harness Tester
- Pyro Meter
- Machine Shop : Plano Miller, VTL & Hydraulic Press
- Heat Treatment (Capacity : 14 MT)
- Pattern Shop

MB CASTING PVT. LTD.

MB Casting Pvt. Ltd. is part of the group which is serving the industry for the past decades, meeting the ever widening challenges of Stone Crushing, Mining, Quarrying, Aggregate and shredding Industries. MB Casting has in house facilities like patterns making, casting, finishing and machining to produce finished parts for the crushers.

It has the skill and experience of the best in the field, which has helped establish wide base of its satisfied customers. Our Crusher Spares in different grades of high Manganese Steel are running all over India. It has also developed extra high Manganese steel with Chromium for high capacity IMPORTED CRUSHERS.

NDT FACILITY

- Tie up with outside approved agencies for radiography, Ultrasonic & MPI etc.

MACHINING FACILITY

- VTL - 1600 mm
- VTL - 1200 mm
- Horizontal Lathe
- Horizontal Planner

TESTING FACILITY

- Spectrometer
- Wet Analysis
- Physical Testing
- Metallography
- Sand Lab

Apart from these inhouse facilities for Power Generation, Heat Treatment Furnace with Solution Treatment Facility, Machine Shop, Machine, Moulding Pattern Shop etc. are available.

MATERIAL :

- High Manganese Steel
ASTM-A128/IS-276
- Ordinary Manganese Steel (Grades)
- Manganese with Chromium
- Manganese with Nickle / Molly
- Extra High Manganese with Chromium
as per American standard

PRODUCT :

- Jaw Plate
- Mantle
- Concave
- Hammer
- Roller
- Grip
- Grizzly Bar
- Shock Bar
- Square Body Liner
- Wedge Block
- Side Plate
- Toggle Plate
- Toggle Bearing
- Wire Mesh
- Idler Rollers
- Dust Seal
- Toggle Lock
